

Polycleaners by Polybeach

A wide-angle shot of a sandy beach littered with various pieces of plastic waste. In the foreground, there are numerous small, colorful fragments of plastic, including bottle caps, shards, and thin strips. Further back, larger items like a broken yellow plastic cup, a pink container, and a brown object are visible. The background shows the ocean waves gently washing onto the shore. The overall scene depicts a significant environmental problem.

**La pollution des plages est un enjeu majeur du
21ème siècle**

**PolyBeach, une entreprise éco-responsable
s'est penchée sur le problème**

Et voici leur réalisation PolyCleaner

Mais quels sont les avantages face à un tracteur ?

Autonome durant son utilisation

Toutes les plages ne sont pas faciles d'accès

Protéger l'écosystème de la plage

Utilise l'énergie solaire pour son fonctionnement

Empreinte carbone neutre durant son utilisation

**Se recharge le jour lorsque les plages sont
pleines...**

A wide-angle photograph of a city skyline at night, viewed from across a body of water. The city lights are reflected in the calm water. On the left, a large, leafy tree is partially visible, and a sandy beach is in the foreground. The sky is dark blue. A semi-transparent dark green banner is at the bottom of the image.

... et fonctionne la nuit lorsqu'elles sont vides

Il trie les déchets humains/naturels

Cela permet le recyclage des déchets humains

et la revalorisation des déchets naturels par les clients

Notre robot est 2 fois moins cher qu'un tracteur

PRESENTATION DE NOTRE POC

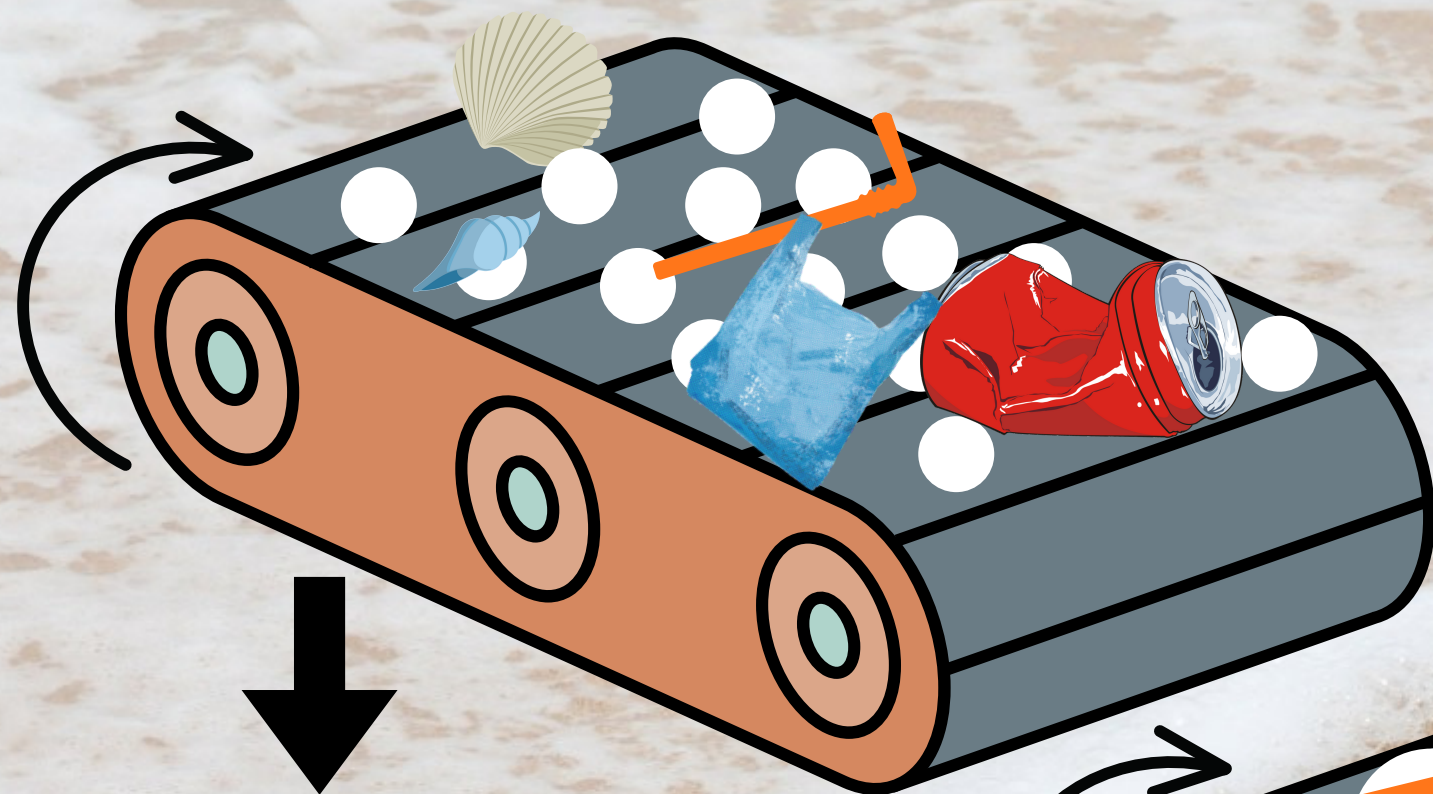

Vidéo POC

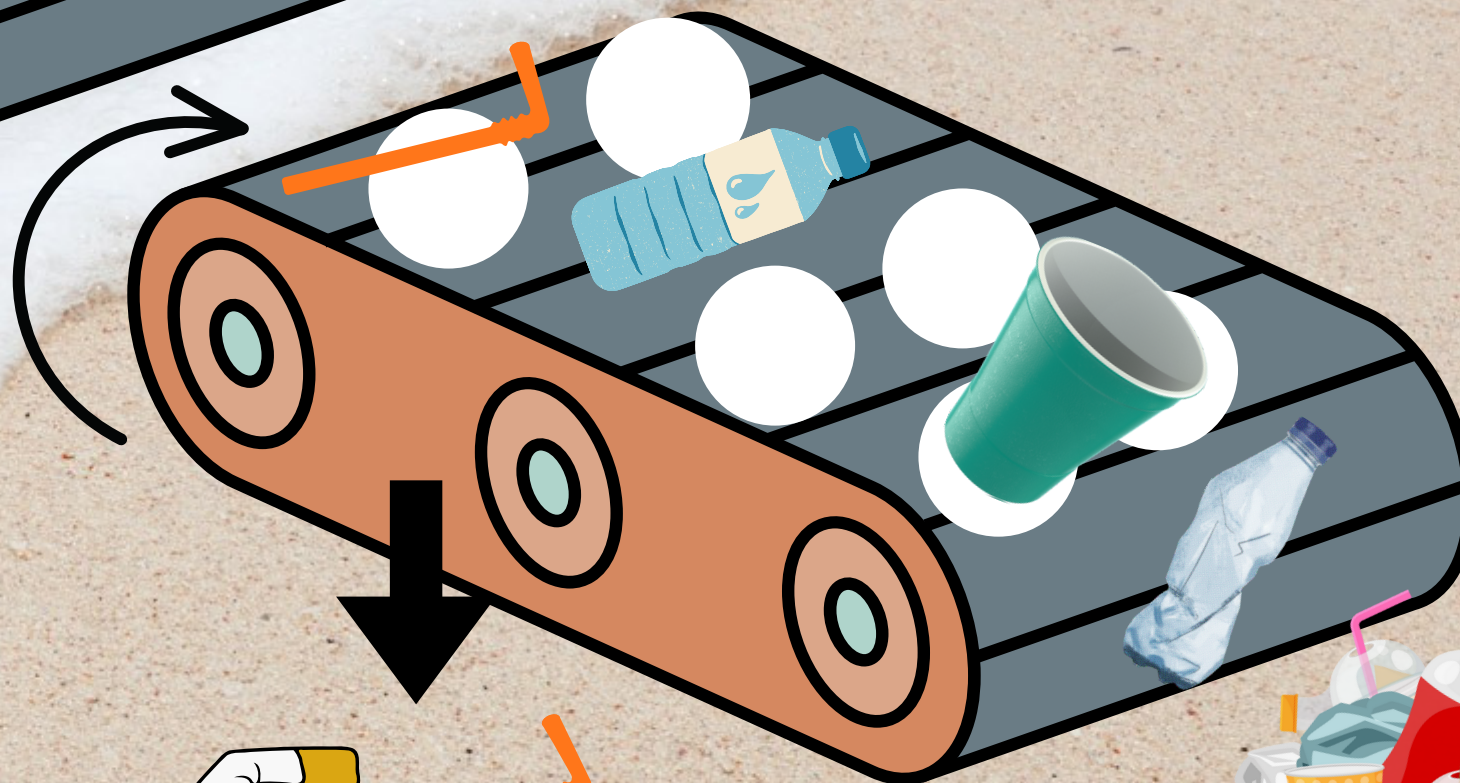

A green tractor with a yellow loader bucket is parked on a sandy beach. The tractor is facing right, and a person is visible in the driver's seat. The background shows the ocean with waves breaking on the shore under a clear sky. The text "POURQUOI CE POC ?" is overlaid in large white letters across the center of the image.

POURQUOI CE POC ?
